Plants

We are very proud to be a vital part of the development of Saudi Arabia and Middle East since **1983** in fire protection industry.

General Description:

SFFECO Foam/Water Cabinet Model SF/9000 characterized for its high performance for attacking class A and B Fire within seconds. Designed for single man operation. Highly efficient in gas stations, petro-chemical plants, industrial premises, warehouses and in any area, requires protection from class A and B fires.

- ❖ Cabinet and door leaves are made of electro-galvanized steel sheet with a thickness of 1.2 mm. Optional Stainless Steel cabinets are available as per customer requirements.
- ❖ Cabinets are with all around folded edges without any sharp edges and burrs. The roof is sloped type.
- ❖ Cabinet painted with Powder Coated for elegant finish and protection from rust.
- ❖ Operating instructions are silk screen printed in English and Arabic inside the cabinet doors.

Cabinet Components:

Fire Hose Reel

Superior quality, 100% synthetic jacket hose, the outer fabric is made of circular woven synthetic fiber and root proof yarn, while inner layer is a substance of tropical rubber applied by means of a special vulcanizing technique ensures long life, elasticity and flexibility. Hose size 1.5 inch x 30 meter length, wrapped on swinging hose reel.

Hose reel is made of 1mm mild steel sheet and pressed out. The outer edge of the reel is rolled over to give a safe handling edge on the outer rims. The reel is mounted on swinging arm.

Foam Proportioner

2" Foam proportioner or inductor. The design of the inductor enables an exact mixing rate of the passing water equipped with bypass system.

Foam Can

Two canisters of 20 liter 3% foam concentrate. Different types of foam concentrates are available on request.

Foam Branch Pipe

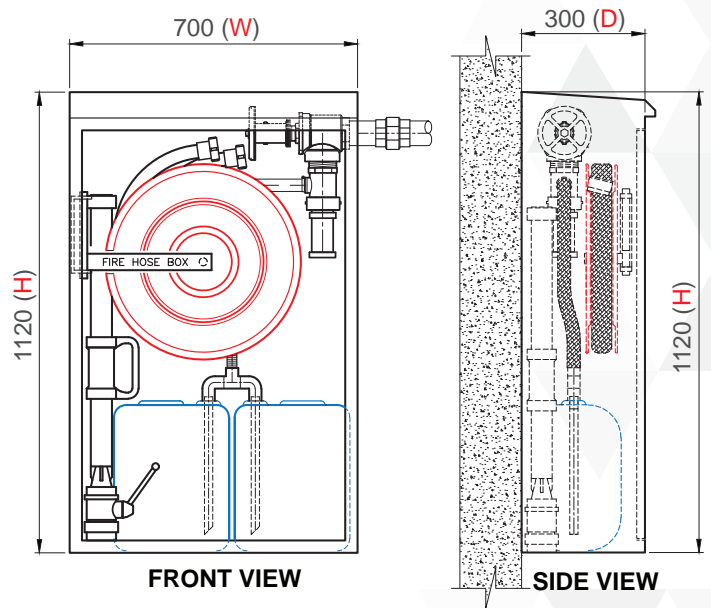

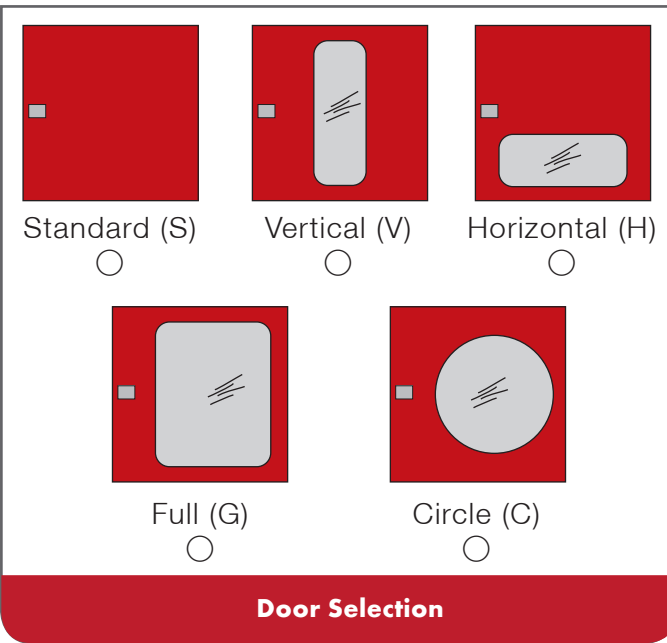

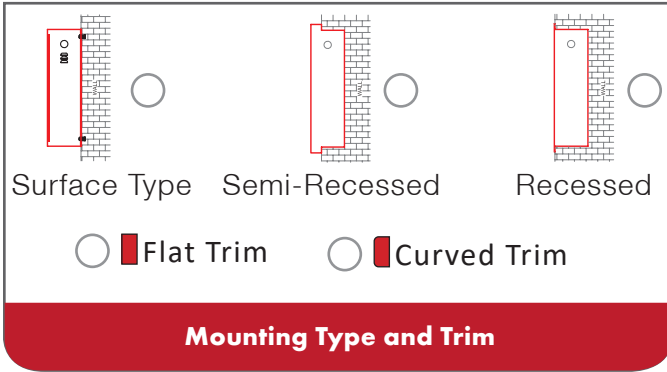

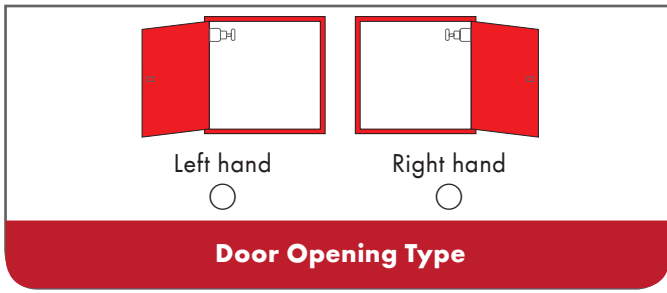

Foam branch pipe with shut off control valve, body made of aluminum and handle with hard rubber. It can throw foam between 15-20 meter depends on line pressure. Also it can be used as water jet pipe.

Angle Valve

Size: 1.5"

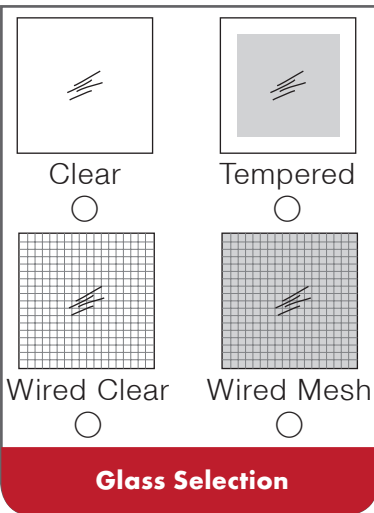

CABINET Selection

Model	H (MM)	W (MM)	D (MM)
SF9000	1120 (Sloped Roof)	700	300
