AMERICAN FIRE CONTROL

QUALITY IS A PRIORITY

FIRE PROTECTION PRODUCTS

MISSION

VISION

IDENTITY

VALUE

Mission

American Fire Control aims to provide superior manufacturing and technical solutions for the commercial and industrial sector and its production processes by using very advance automated smart system.

Vision

American Fire Control is guided by one overarching goal: deliver quality manufacturing solutions at a competitive rate and on time, every time. The American team is committed to exceeding its customers' expectations by always working with integrity, excellence, and a focused determination toward the accomplishment of the mission. The goal is to serve as an extension of our customers' teams by working closely with them to ensure mutual success.

Identity

American Fire Control is proud to be a United States manufacturer. Strategically located in Orlando, FL. American fire control leverages the region's strong manufacturing base and highly skilled local workforce. Our team is made up of experienced industry leaders united by a shared vision. Each American team member is committed to continuous improvement, exceptional customer service, and is encouraged to support the community where we live. We foster an environment where team members are valued for their contributions to our success. AFC's investment in the retention of its employees is key to attaining our long-term goals and achieving growth as a major competitor in our market.

Value

Responsibility: We take personal responsibility for all our work, actions, and decisions.

Honesty and Integrity: We are honest in all our business interactions with our co-workers and business partners and expect the same in return.

Respect: We treat others in a way that they feel respected.

Excellence: We strive to excel in everything we do. We are committed to producing high-quality products and services at a superior value for our customers.

Humility: We are grateful for our success and share our appreciation with our co-workers but do not seek public recognition.

Innovation: We encourage and value creative solutions to customer needs, business challenges, and a vision for the future.

ABOUT US

At American Fire Control, we have a rich history dating back to 1925, when our company was established as a family-owned business in the state of Florida. Over the years, we have established ourselves as a premier manufacturer of fire protection products, primarily in the United States, through our unwavering commitment to quality, growth, innovation, and leadership.

In 1947, we took a significant step towards consolidating our control over every aspect of our business by constructing our own manufacturing and corporate headquarters. This allowed us to closely monitor and manage every phase of the product life cycle, from formulation and testing to marketing and distribution. This strategic move was critical in driving our consistent growth and fueling innovation in our product offerings.

The unwavering dedication and loyalty of our diverse team of employees is the cornerstone of our success. Each team member plays a crucial role in ensuring the smooth operation of our business and in delivering exceptional service and support to our valued customers.

At American Fire Control, we recognize the importance of forging strong relationships with our customers, and we take great pride in offering them a high level of personalized service and support. Our customers can trust that we will provide them with the highest quality of service, from the initial quote and manufacturing process to shipping and problem resolution.

Today, American Fire Control is operated by the fourth generation of our founding family, and our original goals of quality, growth, innovation, and leadership continue to guide us. These values form the core of our identity and will continue to shape our future as we strive to maintain our position as a leader in the fire protection industry.

QUALITY IS A PRIORITY

American AFC is committed to delivering high-quality products to our customers. We understand that quality is of utmost importance to our clients, and we strive to ensure that every product we manufacture meets the highest standards of quality.

To achieve this goal, we have implemented a comprehensive quality management system that is designed to ensure that our products meet or exceed customer expectations. Our quality management system encompasses all aspects of our business, from product design and development to production and delivery.

We use only the highest quality raw materials and components in the manufacturing process, and our skilled and experienced team of professionals employs the latest techniques and technologies to produce products of exceptional quality. We also conduct rigorous testing and inspection at every stage of production to ensure that our products meet or exceed all applicable industry standards.

We are proud of our reputation for delivering high-quality products, and we are committed to continuously improving our processes and systems to ensure that we maintain this standard. Our dedication to quality is reflected in every product that we manufacture, and we are confident that our customers will appreciate the attention to detail and commitment to excellence that we bring to every project.

At American AFC, we understand that quality is the foundation of our success, and we are committed to maintaining the highest standards of quality in everything we do.

Five-Year Limited Warranty

At American AFC, our top priority is our customers' satisfaction. We are a manufacturer of premium products, and we are proud to offer a comprehensive warranty.

Our Five-Year Limited Warranty supersedes all other warranties previously given and covers all American AFC products against manufacturing defects in material and workmanship, provided the products were installed and used in accordance with all applicable instructions and limitations issued by American AFC. In the unlikely event of a defect, American AFC will, at our sole discretion, repair or replace defective material, free of charge.

Please note that repairs or parts replaced under this warranty are warranted only throughout the remainder of the warranty period. This warranty is in the nature of liquidated damages to which the purchaser might otherwise be entitled at law or in equity.

It is important to note that American AFC is not liable for any claims for labor, installation costs, damages, or other special or consequential damages, including, but not limited to, loss of revenue or profits, or any other expenses incurred by reason of any products found to be defective. Additionally, American AFC is not liable for any incidental or consequential loss, damages, or expenses caused by any defects in the product, by repair of it, or arising directly or indirectly from its use.

Please be advised that this warranty does not apply if the product has been altered or repaired by others. American AFC will make no allowances or credit for such repairs or alterations unless first authorized in writing by American AFC.

In conclusion, this warranty is exclusive and in lieu of all other warranties, conditions, and representations, whether express or implied, oral or written, statutory, or otherwise. All other warranties, conditions, and representations are hereby canceled. At American AFC, we are committed to providing our customers with the highest quality products and excellent customer service.

Fire protection Valves

The American A-3000 Flange OS&Y (Outside Screw and Yoke) Gate Valve is a reliable and robust valve designed for various industrial applications. This valve complies with the AWWA C515 standard ensuring high-quality performance and adherence to industry standards. It features a heavy-duty handwheel and attachment nut and high-quality graphite packing.

SPECIFICATIONS

- Complies with AWWA C515 standard
- Flanged end to ANSI B16.1 Class 125/ANSI B16.42 Class 150/BS EN1092-2 PN16
- Size Range: Available in sizes ranging from 2.5" to 12"
- Max working pressure: 300PSI (21 bar) /Max testing pressure: 600PSI (42bar)
- Working Temperature: 0°C to 80°C (32°F to 176°F)
- Fusion-bonded epoxy coating inside and outside complying with AWWA C550 standards
- Approvals: UL listed , FM approved

The American A-3150 Swing check valves are designed only for fire protection services, also referred to as non-return, retention, or one-way valve, a check valve is designed to only allow the flow of water in one direction, a swing type clapper is found inside the valve which is spring loaded preventing water from flowing in a return direction.

SPECIFICATIONS

- Meet or exceed the requirements of AWWA C508 Standard,
- Full waterway designed
- Max working pressure: 300PSI (21 bar) / Max testing pressure 600PSI (42bar)
- Approvals: UL listed, FM approved
- Flanged ends to ANSI B 16.1 class 125 or ANSI B16.42 class 150
- Min/Max working temperature: 0°C to 80°C (32°F to 176°F)

COATINGS

- The interior and exterior of the valve coated with fusion-bonded epoxy in accordance with ANSI/AWWA C550

The American A-3500 Grooved swing check valves are designed to exclusively permit the flow of water in one direction. Inside the valve a swing-type clapper equipped with a spring mechanism ensures that water can only move in the intended direction preventing any backflow. This critical feature is essential for maintaining the effectiveness and reliability of fire protection systems.

SPECIFICATIONS

- Grooved dimensions comply with metric or AWWA C606 standard
- Max working pressure: 350PSI (24 bar) / Max testing pressure 700PSI (48 bar)
- Approvals: UL listed, FM approved
- Min/Max working temperature: 0°C to 80°C (32°F to 176°F)
- Application: indoor and outdoor use
- Installation: horizontal or vertical

COATINGS

- The interior and exterior of the valve coated with fusion-bonded epoxy in accordance with ANSI/AWWA C550 or painting according to request

- Working Pressure: 2" ~12": 300 psi
- Working Temperature: 33°F to 176°F (0°C to 80°C)
- Fusion bonded epoxy powder coated to AWWA C550.
- UL Listed / FM Approved for indoor or outdoor use.

PART LIST

PART		SPECIFICATION/MATERIAL
Valve	Valve Body	Ductile Iron, ASTM A536 65-45-12
	Stem Shaft	Stainless Steel 416
	Disc	Ductile Iron EPDM encapsulated
	Stem O-rings	EPDM
	End Face Seal	EPDM
Gear Operator	Housing	Ductile Iron, ASTM A536 65-45-12
	Cover	Cast Iron, ASTM A126 Class B
	Worm	Carbon Steel, AISI 1045
	Worm Gear	Ductile Iron, ASTM A536 65-45-12
	Handwheel	Ductile Iron, ASTM A536 65-45-12

DRY BARREL FIRE HYDRANT

AMERICAN FIRE CONTROL
QUALITY IS A PRIORITY

SPECIFICATIONS

- Maximum Operating Pressure: 250 PSI (17.2 Bar)
- UL Listed, FM Approved for Fire Protection Roadside Service
- Conforms to AWWA C502 Requirements
- Factory Tested 100% to 500 PSI (34.5 Bar)
- Ductile Iron Body
- Steel Stem and Bronze Seat
- All Fasteners Below Ground 304 Stainless Steel
- Finish: Red and Black Epoxy Paint Interior and Exterior per AWWA C550
- Lubrication: Lube Oil Cold Temp
- **Repairable Due to Traffic Breakage Without Excavation**
- Seat and Disc Repairable Without Excavation
- Minimal Torque Seat and Disc Design for Closing and Opening Torque

DATA SHEET

5100 Vertical Indicator Post

AMERICAN FIRE CONTROL
QUALITY IS A PRIORITY

The American 5100 Vertical Post Indicator is a critical component of fire protection systems, designed to provide a visual indication of the status of fire protection valves such as post indicator valves. These valves are commonly found in fire sprinkler systems, hydrant systems, and standpipe systems within buildings and industrial facilities. The VPI plays a crucial role in ensuring the efficient operation of these systems during fire emergencies.

SPECIFICATIONS

- Clearly displays valve status (open or shut) for operational awareness
- Enables remote operation of buried or hard-to-reach valves
- Secure design with a padlock-compatible wrench handle fitting over a "u" bracket
- Simplified installation with adjustable telescoping stem, eliminating the need for field cutting
- Easily customizable open and shut signs by removing the post head
- Compatible with gate valves sizes ranging from 4" to 12"
- UL listed and FM approved

CORROSION PROTECTION

- Internally and externally spray epoxy painted ral3000

FIELD ADJUSTMENT

- Remove post head to adjust open and shut signs as required
- Adjust telescoping stem and pipe to desired length
- Attach base of post to the post plate on the valve using bolts/nuts provided

Handwritten note: 6/14
23/03/2024

CERTIFICATE

This is to certify that

American Fire Control

255 S Orange Ave,
Orlando, FL 32801
United States of America

8/14
23/03/2024

has implemented and maintains a **Quality Management System**.

Scope:

The Design and Manufacture of Ductile and Gray Iron Castings, Fire Hydrants, Indicator Posts, Check Valves, Gate Valves, Butterfly Valves and Associated Component.

Through an audit, documented in a report, it was verified that the management system fulfills the requirements of the following standard:

ISO 9001 : 2015

Certificate registration no. 051223010103
Date of original certification 2014-07-22

UAF Address : 400, North Center Dr, STE 202, Norfolk, VA 23502, United States of America :

This certificate remains the property of ARS and must be returned to ARS on Cancellation or Suspension of the certificate Validity of the certificate is subject to successful completion of surveillance audits. Further clarification regarding the scope of this certificate and the applicability of standard may be obtained by consulting the Organization on info@arscert.com

CERTIFICATE

This is to certify that

American Fire Control

255 S Orange Ave,
Orlando, FL 32801
United States of America

Handwritten signature and date: 23/03/2024

has implemented and maintains an **Environmental Management System**.

Scope:

The Design and Manufacture of Ductile and Gray Iron Castings, Fire Hydrants, Indicator Posts, Check Valves, Gate Valves, Butterfly Valves and Associated Component.

Through an audit, documented in a report, it was verified that the management system fulfills the requirements of the following standard:

ISO 14001 : 2015

Certificate registration no. 051223020104
Date of original certification 2014-07-22
Date of certification 2023-12-05
Valid until 2026-12-04

DATA SHEET

A-3000 OS&Y Resilient Wedge Gate Valve - Flanged Ends

AMERICAN FIRE CONTROL
QUALITY IS A PRIORITY

The American A-3000 Flange OS&Y (Outside Screw and Yoke) Gate Valve is a reliable and robust valve designed for various industrial applications. This valve complies with the AWWA C515 standard ensuring high-quality performance and adherence to industry standards. It features a heavy-duty handwheel and attachment nut and high-quality graphite packing.

SPECIFICATIONS

- Complies with AWWA C515 standard
- Flanged end to ANSI B16.1 Class 125/ANSI B16.42 Class 150/BS EN1092-2 PN16
- Size Range: Available in sizes ranging from 2.5" to 12"
- Max working pressure: 300PSI (21 bar) /Max testing pressure: 600PSI (42bar)
- Working Temperature: 0°C to 80°C (32°F to 176°F)
- Fusion-bonded epoxy coating inside and outside complying with AWWA C550 standards
- Approvals: UL listed , FM approved

AG-3000 OS&Y Resilient Wedge Gate Valve - Grooved Ends

AMERICAN FIRE CONTROL
QUALITY IS A PRIORITY

The American AG-3000 Grooved OS&Y (Outside Screw and Yoke) Gate Valve is a reliable and robust valve designed for various industrial applications. This valve complies with the AWWA C515 standard ensuring high-quality performance and adherence to industry standards. It features a heavy-duty handwheel and attachment nut and high-quality graphite.

SPECIFICATIONS

- Complies with AWWA C515 standard
- End Connections: Groove to AWWA C606
- Size Range: Available in sizes ranging from 2.5" to 12"
- Max working pressure: 300PSI (21 bar) /Max testing pressure: 600PSI (42bar)
- Working Temperature: 0°C to 80°C (32°F to 176°F)
- Fusion-bonded epoxy coating inside and outside complying with AWWA C550 standards
- Approvals: UL listed , FM approved

The American AG-3500 Grooved swing check valves are designed to exclusively permit the flow of water in one direction. Inside the valve a swing-type clapper equipped with a spring mechanism ensures that water can only move in the intended direction preventing any backflow. This critical feature is essential for maintaining the effectiveness and reliability of fire protection systems.

SPECIFICATIONS

- Grooved dimensions comply with metric or AWWA C606 standard
- Max working pressure: 350PSI (24 bar) / Max testing pressure 700PSI (48 bar)
- Approvals: UL listed, FM approved
- Min/Max working temperature: 0°C to 80°C (32°F to 176°F)
- Application: indoor and outdoor use
- Installation: horizontal or vertical

COATINGS

- The interior and exterior of the valve coated with fusion-bonded epoxy in accordance with ANSI/AWWA C550 or painting according to request

DATA SHEET

A-3000 OS&Y Resilient Wedge Gate Valve - Flanged Ends

AMERICAN FIRE CONTROL
QUALITY IS A PRIORITY

The American A-3000 Flange OS&Y (Outside Screw and Yoke) Gate Valve is a reliable and robust valve designed for various industrial applications. This valve complies with the AWWA C515 standard ensuring high-quality performance and adherence to industry standards. It features a heavy-duty handwheel and attachment nut and high-quality graphite packing.

SPECIFICATIONS

- Complies with AWWA C515 standard
- Flanged end to ANSI B16.1 Class 125/ANSI B16.42 Class 150/BS EN1092-2 PN16
- Size Range: Available in sizes ranging from 2.5" to 12"
- Max working pressure: 300PSI (21 bar) /Max testing pressure: 600PSI (42bar)
- Working Temperature: 0°C to 80°C (32°F to 176°F)
- Fusion-bonded epoxy coating inside and outside complying with AWWA C550 standards
- Approvals: UL listed , FM approved

Authorization Letter.

Date: October 28,2024

Ref.: 01027/24

Subject: Distribution in Saudi Arabia

To whom it may concern

This is to confirm that Azeidk Group is our authorized distributor in Saudi Arabia for American Fire Control's range of fire protection products.

Azeidk Group will be responsible for the distribution and support of our products throughout the Kingdom.

We trust that this information provides the reassurance you require. Should you need any further details or wish to discuss this matter further, please do not hesitate to contact us.

Yours sincerely,

Mark Smith
Sales & Marketing Director
